

Caring for Apparel

We have tested much of our apparel to see the best way to wash and care for you purchased things.

It is very simple;

Wash in cold water (normal cycle).

Dry in low heat or hang to dry for longer lasting.

If you are going to put an iron on your apparel, make sure you iron from the backside of apparel.

These helpful pointers can and will prolong the life of your things.

WE AT C-CREATIONS THANK YOU FOR ALLOWING US TO DRESS YOU!

Thank You
